

Registration Fee Payment and BANK ACCOUNT DETAILS

You must pay your registration fee via credit card or bank transfer.

For Bank transfer, when instructing your bank, please make sure that the delegate's name and the registration confirmation number are clearly marked on the remittance advice allowing us to identify your payment and approve the registration.

As soon as you register through the online registration system you will receive a pending confirmation email.

Your registration will remain as pending until funds are cleared in our account. We will then approve your registration and send a final confirmation email with the invoice. You will be able to revisit your registration page at any stage later by using your unique confirmation number included in your confirmation email.

Please bear in mind that payment should credit our account within 5 days of your online registration and within the registration period. Any registrations not cleared within the period will be moved to the higher rate.

Registration Fees Payments should be made to the following bank account:
